Unique Moments Relived By All

Occurring once in one's lifetime, the solar eclipse is like passing time which must be recorded so one can relive those moments. Follow the 1971 **Missile** edition and see events which are shared between friends and teachers.

School Life Overflows With Emotion

Many people from all walks of life have strolled the halls of PHS. This solid foundation is a place where happiness and sadness are shared among friends and teachers. Like the sun and moon combining to make the solar eclipse, students attending PHS make school life what it really is.

Kindness Initiates Friendship

If the sun and moon combine and achieve a solar eclipse once during our lifetime or if a basketball player plays in a game to the best of his ability, then each must feel as this anonymous person wrote. "I expect to pass through this world but once. Any good therefore that I can do, or any kindness that I can show to any fellow creature, let me do it now. Let me not defer or neglect it, for I shall not pass this way again."

Teamwork Begins With Individuals

Each individual with his own personality makes up a team of individuals working together toward the common goal. Since this team shall not pass this way again as the same team, each supporter expresses excitement on seeing this particular team achieve unity to its fullest.

Functioning as separate bodies like the individuals on the team, the sun and moon travel their own paths until they cross upon each other. Combining the sun and moon to achieve a solar eclipse brings each body to its fullest union with each other. Then each one continues on its course just as each individual on the team does.

Through Unity We Achieve Our Goals

How exciting it is for people to work together in unity. It is not a matter of chance, but a matter of choice. As natural as the eclipse of the sun, everything is in order working toward a common goal.

Knowledge Gained By Sharing Ideas

ACADEMICS

Many students may be seen walking together through the halls of PHS. Students are individuals who work alone at times as well as together. Each one present is striving for a goal in which learning plays an important role.

Although the sun and moon are two separate bodies which function individually, on occasions they come together and create the total eclipse.

If each individual works separately to develop his own skills and abilities to make this combining a success just as the sun and moon do, soon a total union occurs like the total eclipse of the sun.

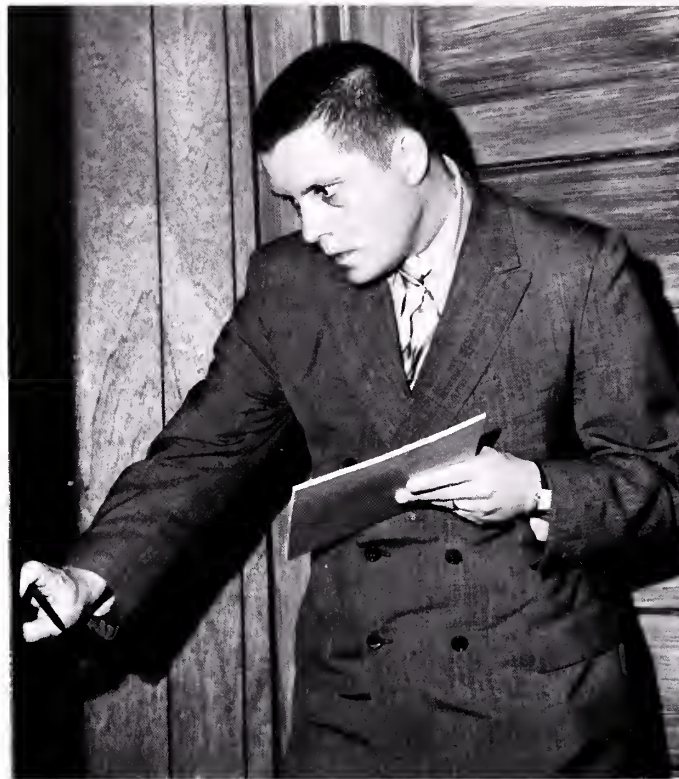

Administration Aids Consolidation

Every day many decisions which affect student life at PHS are made in the administrative headquarters. Supervised by our principal Mr. Edwin M. Betts, Jr., and our assistant principals, Mr. Albert Jones and Mr. Frank Teass, this office is the kernel of all school activity.

Working with the interim council to organize the consolidation of the student bodies of Petersburg and Peabody High Schools has been one of the administration's main objectives this year. The renovated office was provided with a new air conditioning system so that the administrators could work in comfort. Moreover, students had identification cards made at pre-registration.

Smooth operation of the school depends greatly on the office secretaries. Aiding both teachers and students, the secretaries are a vital part of the staff.

Having the intercom system revised has helped both the office and faculty. Seeking new ways of improvement is the constant thought of our administrators.

Guidance Aides Students With Careers

Choosing the right course is an important decision for every student. PHS is fortunate to be staffed with a guidance department which takes an interest in every student. The remodeled guidance offices enable the counselors to have more room.

This year Mrs. West, Mrs. Turner, and Miss Morgan are responsible for two grade levels. Miss Bailey, assisted by Miss Warner, counsels seniors; Mr. Aldridge is the vocational counselor. Also, this year Miss Warner is responsible for new students.

This year a new department, Special Pupils Services, has been added. Mr. Zaruba, Mrs. Hollins, Mr. Kilbourne, and Mrs. Best have been assigned to this department. This department's main objective is to aid the teachers and student body.

English Adds Culture To Curriculum

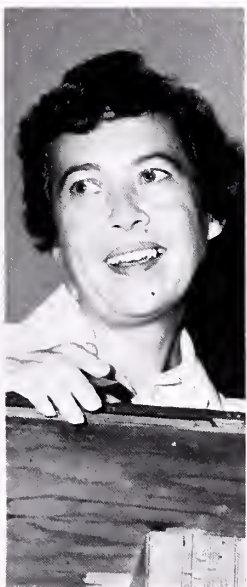

Encountering poetry and deep literary works such as Chaucer's **Canterbury Tales** and Hawthorne's **The Scarlet Letter**, the students develop the ability to interpret underlying meanings conveyed by such techniques as symbolism and irony.

The English department, headed by Miss Elizabeth Lanier, has added a journalism class to train students to develop skills in journalistic writing and intelligent reading.

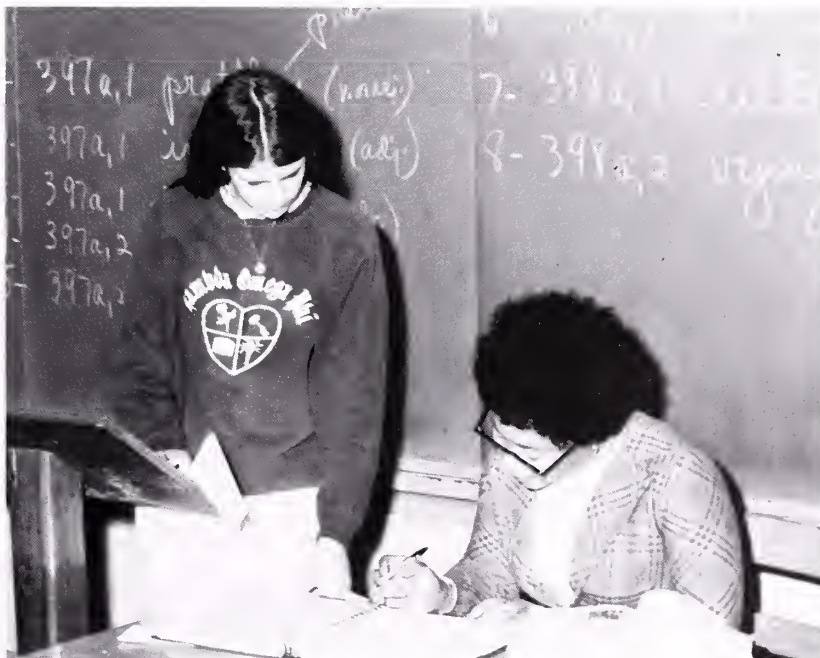

All English teachers work toward the common goal of developing skills in what is probably the most important subject outside the classroom.

Miss Lanier chuckles at a student's reply.

Math Keeps With Changing World

It has been predicted that in ten years our math system will be revolutionized!

From the study of simple addition to the most involved theories of calculus, the math department under the leadership of Mr. Burton Alexander endeavors to provide the student with confidence in his ability.

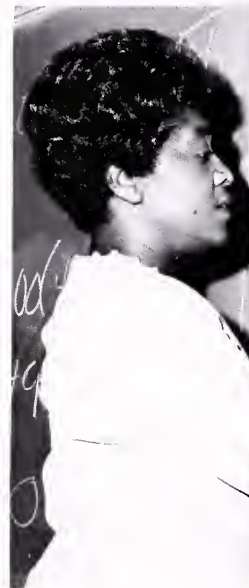

This year there is a staff of math teachers especially trained to show and teach math for those enrolled in the business course. As today's modern world is rapidly increasing in complexity, the program is offered to compete with the progression.

Science: Discovery Through Experimentation

An odor coming from the chemistry lab travels throughout the third floor, making many wonder what it is.

Individual and group experiments are essential not only in chemistry, but also in physics. Testing the pupil's knowledge and ability, physics culminates the science curriculum of biology, advanced biology, and chemistry.

The science department, headed by Mr. Jerome Batts, facilitates an accurate interpretation of reality. To introduce individuals to the ultimate values of science, teachers have acquired overhead projectors and new equipment.

Vitally important in a world that's constantly becoming smaller is the knowledge of languages, the basis of all human relationships.

The foreign language department, headed by Mrs. Vinson, offers French, Spanish, and Latin. Working in the new language laboratory provides students with the opportunity to hear a foreign language spoken by native people.

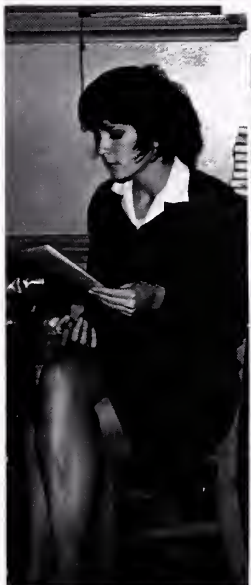

With records, tape recorders, flash cards, and new Spanish workbooks, teachers are able to instruct students better.

Art is also a way of communicating. It inspires sensitivity and imagination in the students of PHS and teaches pupils to look at things with a different perspective.

Through singing and playing musical instruments to sculpturing and painting, students learn to express their thoughts and feelings.

Occupational Labs Added To Business Department

Following the construction of the new vocational building, the business department has set up three new occupational laboratories. A stenographic laboratory, a clerk laboratory, and an office service laboratory have been added to data processing.

Supervisor for business education, Mr. Dewey Oakley, and the business teachers help students in the business course find a successful career in business. Thus, through the PHS business educational department, which offers subjects ranging from shorthand to business law to consumer economics, students are prepared to enter directly into various occupations upon graduation from high school.

Gym Promotes Knowledge and Exercise

"One, two, three, four, touch your toes once more." This is one of the daily yells sounded by our gym classes.

Knowledge of sports, health, driver's education, and first aid can be obtained in our physical education department.

For the first time this year, behind-the-wheel training in driver's education classes is being offered. Also, we are extending the physical education course one half a semester longer.

With the introduction of new uniforms and the extension of each period, our athletic director, Mr. Kilbourne, and department chairman, Miss Kiser, are making physical education a rewarding as well as an enjoyable experience.

Technical And Domestic Skills Developed

With 13,931 volumes in the school library, Mrs. Rhea Dodge, head librarian, Mrs. Douthat, assistant librarian, and Mrs. Lott, typist, strive to provide an up-to-date library.

For the first time Mrs. Dodge sold paperback editions for the students' and faculty's personal use.

Also, Home Economics has a new addition called Child Care which is taught by Mrs. Cooper. The classroom is in the new vocational building, and it has all the modern facilities to teach this course.

ZZZZ of saws and bang, bang of hammers create a surprising atmosphere for those interested in building a better world. Their biggest project is a 12 x 14 foot small model house. By taking this course, students will someday be able to build houses.

Vocational Administrators Provide Background For Future Careers

Beginning its eighth year, the vocational administration strives to provide its students with a solid background for future careers.

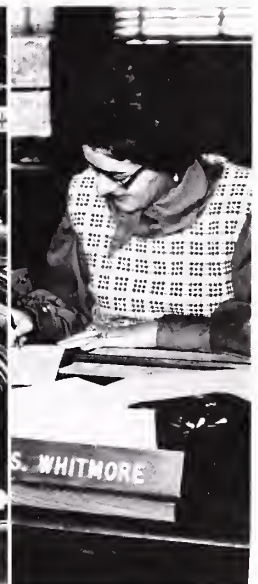

Classes are mainly held in two separate buildings, however, nurse training classes are conducted at Petersburg General Hospital. Under the supervision of Mr. I.B. Pittman, head of vocational administration and adult education, the vocational administration attains its goal of meeting the needs of each student.

Expanding Interests Create New Vocational Classes

Equipped with some of the finest teachers, the vocational department of PHS has succeeded in preparing the students for the selected careers.

This year two new classes, Child Care and Electricity, have been added to the vocational department in the interest of the students. The invaluable courses such as plumbing, electronics, and power mechanics are still being taught to develop special skills.

Striving to prepare the students for their future careers, the vocational department is capable of meeting the demands of the local industries.

New Facilities Improve Efficiency

Warm and tasty meals are served to our faculty and student body every day by our cafeteria staff, led by Mrs. Moore. With such new materials as electric elevators, dishwashing machine, mixer, potato peeler, and new refrigerators, our food is served to us at just the right time and just the right temperature. Also, with the new ceiling in the cafeteria and more lunch periods, eating lunch at PHS seems to be much more comfortable and less noisy.

If there is anything that needs repairing, our custodians are willing and ready to work. With a new special type of washer, our school is kept exceptionally clean and pleasant.

Individuality Captured In Offguard Moments

Many teachers express their personalities through actions which make them individuals. Expressions of concern, sternness, joy, sincerity, and anger may be seen on their faces at one moment during their teaching career.

Teachers perform their duties without recognition; however, through their enthusiasm and energy, they instill in their students the desire to learn. Thus, the students are grateful to be exposed to excellent teachers who fulfill our quest for knowledge.

Mr. Stronach courteously gives the cashier the money for his lunch.

Mrs. Frederick takes a few minutes from her busy schedule to work on her needlepoint.

With the ringing of the dismissal bell, Mrs. Marshall becomes ecstatic.

STUDENT LIFE

Participating in school activities which bring unity among students, one develops new interests, both scholastic and cultural. Like the sun and moon having their own characteristics, each student is an individual with his own personality and traits. Therefore, students make school life what it is, and the sun and moon bring about the solar eclipse.

The foundation on which the school is built may look solid and sturdy, but if there isn't any union among the student body, there is no school. By working together and solving problems in class and outside the classroom, students become closely united. We can learn from one another and achieve a satisfaction each one wishes to receive.

Seniors At Work And Play

All work and no play could make senior life very dull; however, this is not the case with the seniors at PHS. Reenacting Chaucer's **Canterbury Tales** adds color to Mrs. Maniego's English literature class. Government classes come alive with a mock murder trial. Besides classroom antics, seniors find delight in sundry diversions. In the midst of all their activities and anticipations, seniors find time to concentrate on the art of studying.

Brad Peebles, Troy Fobbs, Garry Curtis, and Albert Mitchell were PHS's representatives to Boys' State.

Trips Enhance School Year

Enthusiasm and spirit were seen in each of the four delegate's eyes when the **Missile** received first place at Columbia. At the workshops each delegate obtained new yearbook ideas.

Enjoying the social life of New York, the delegates ate exotic dinners at Mama Leone's and Hawaii Kai. Moreover, entertainment was enjoyed at Radio City Music Hall and at the Broadway play **Hello Dolly** in which Ethel Merman was starring. Following this great experience, the delegates returned with many memories.

Delegates from PHS were represented at Girls' and Boys' State. Boys' State at William and Mary was attended by Brad Peebles, Garry Curtis, Troy Fobbs, and Albert Mitchell. Government and athletics were stressed at this convention.

Girls' State attended by Bee Cumby, Pam Shell, and Caroline Stowe also stressed government procedures. Each girl represented a city. Thus, each city went through the procedures for getting Congressional representatives.

Delegates Betsy Winston, Recia Wilson and Jeri James find the ice skating in Central Park facinating.

Caroline Stowe, Pam Shell, and Bee Cumby gained experience at Girl's State.

Pep Rallies Spark Enthusiasm

Further carrying out the theme of "Let's Do It Together," the weekly pep rallies boosted the morale of the new Wave team. Beginning with a pep rally the night before the first game, the cheerleaders in coalition with the band and majorettes helped to create enthusiasm for the success of the games.

Excitement was seen on the faces of all who attended the pep rallies. Closing with the school **Alma mater**, the pep rallies proved that the students of PHS are doing it together.

Cheered by the students, Coach Tyler gives his outlook on the game.

Adding much to the pep rallies, the pep band plays a popular song.

CAROUSEL Stirs Emotions Throughout Audience

"If I had more sense, Mr. Snow, I wouldn't have had nine kids." This is only one of the many lines which brought laughter and tears to the audience during the performance of "Carousel."

On April 24 and 25 of 1970, Rogers and Hammerstein's "Carousel" was presented by the students of PHS. Set in a small New England town, this play captivated the attention of the audience from the beginning pantomime scene to the ending graduation scene.

Not only were the dramatics exceptional, but also the music, choreography, and scenery were outstanding. Because of the complexity of the plot and the display of ability on the part of all the students, "Carousel" brought roaring applause and standing ovation at the close of the curtain calls at each performance.

New Queens For 1971

With tears of ecstasy the 1971 queens of PHS proudly accepted their crowns and titles.

The election of three Miss Crimson Waves was a first for PHS. Selected from each grade level, the queens, Miss Wanda McKinnon, Miss Karen Bates and Miss Roslyn Pulliam, won after a series of three elections.

Another feature of the 1971 year was the election of Miss Christmas Seal. Working with the Southside Tuberculosis and Respiratory Disease Association, the Interim Council conducted the voting for the school queen. Chosen as Miss Christmas Seal of PHS was Maureen Williamson.

The final highlight of this year was the annual Junior Miss Pageant sponsored by the Senior class in conjunction with the Petersburg Jaycees. The 1971 queen was Miss Bee Cumby, while Susan Auders and Diane Stuart were the runners up. Also Betsy Short was chosen by the candidates as Miss Congeniality.

Seniors Honored At PHS

One of the most outstanding honors bestowed upon a PHS senior is that of being elected State SCA president. Pam Shell has attended the National Convention in Indianapolis, state workshops, and district meetings, and since April, she has traveled over a distance of 3000 miles.

Recognizing students who excel in music, athletics, art, citizenship, and scholarship, the Petersburg Optimist Club presents its awards during Youth Appreciation Week. The students are recommended by their teachers and are fine examples of the American youth.

As a result of the National Merit Scholarship Test, several students received commendation for their efforts. Pam Shell was named a National Merit Finalist. Also recognized were Veronica Fauntleroy, Debra Rainey, and Andre Baptiste, who were semi-finalists in the National Merit Achievement Program for Negro students.

Presented by the Goober Pep Social Club, the Mary T. Perkins Latin Award was presented to the person in his third year of Latin having the highest overall average.

1971: A Memorable Year

ACTIVITIES

Through club membership an individual may broaden his knowledge in many fields and develop close friendships. These extra-curricular activities add vigor and spirit to the routine of every school day.

Upon reaching a total eclipse, part of the atmosphere is the corona, or crown—a wispy, glowing envelope of particles that stream from the sun. Our school life also glows when we achieve complete union.

Interim Council Coordinates Activities

Under the leadership of Pam Shell as President, Ronald Powell as Vice-President, and Bert Poole as Secretary, the Interim Council has established the procedures by which class boards are elected. In addition, this council has adopted a basketball code, a soft-drink machine regulation, and a disciplinary action system to replace demerits. Its main job has been writing up a new constitution.

Composed of six seniors, four juniors, and four sophomores, this Interim Council has been organized for the consolidation of student bodies of Peabody and Petersburg High Schools.

Sponsored by Interim Council, a sock hop was given to each grade level. A concert was performed for the student body before Christmas by the Virginia State Band. Delivering baskets to needy families was the council's main Christmas project.

NHS Gains Members

Joy and tears may be seen on the faces of the newly tapped National Honor Society members as they receive their robes.

Prerequisites for membership are scholarship, leadership, service, and character. In addition to meeting these qualifications, a student must be recommended by a faculty committee headed by Mrs. Frederick and Mr. Caldwell.

A change in the constitution will enable many new juniors and seniors to be tapped into the National Honor Society at the beginning of 1971.

At the Quill and Scroll installation, Mrs. Donovan serves Wendy Evans.

Journalism Students Honored

Sixteen new members were tapped into Quill and Scroll, a national honorary society for high school journalists. The most important qualification is outstanding work in the field of journalism. Members must also be recommended by the faculty advisor and be in the upper third of their class.

The badge consists of a quill and a scroll. Ancient writers took the quill and meticulously recorded history on the scroll. Now it is the job of these few chosen to accurately record the events of today.

MISSILE Launches New Techniques

New techniques bring a change to the **Missile**. It has taken on a new printing type with more modern layouts. Wishing to express the school's theme of togetherness, the **Missile** has a new cover.

This year two co-editors have taken the place of the editor. Also, one person has replaced the business staff. Moreover, photography section is led by a student advisor this year.

Receiving awards is a traditional accomplishment of the **Missile**. This year it received one of the highest honors at Virginia High School League.

Upon arriving at Columbia University, the delegates were overjoyed in finding that the **Missile** also received a first place rating.

REVIEW Shows Student Ideas

Publishing nine successful issues a year is a great task for editors Frances Tyler and Treska Wilson to give the student body of PHS an insight into activities happening around the school.

This year a larger staff is headed by two editors. Members on the staff gave up part of the summer to have the **Review** ready when the students returned to school.

Art editor, a new position, has been added to the **Review** staff. The art editor is responsible for the cartoons and drawings published in the **Review**.

This newspaper, under the supervision of Mrs. Shirley Willcox, informs students and teachers of school news, sports, editorials, and gossip—without a charge to students.

As Mrs. Willcox watches, Shelley Carden and Jill Sheintoch work on layouts.

Photographers Andre Baptiste, Wayne Cook, Hugh Vaughan, and Robert Martz serve both **Missile** and **Review**.

Monitors Maintain Order In Congested Halls

Keeping the flow of student traffic under control in our congested corridors is undertaken by the Monitors' Club, one of the oldest clubs at PHS. The Monitor Club was started more than twenty-five years ago by chemistry teacher, H. S. Holmes.

Although its primary objective is to maintain order in our crowded halls and to maintain the masses during class change, the Monitor Club is also responsible for seating students in the auditorium during assemblies. The wearing of red and gold armbands signifies a member of the Monitor Club.

Supervised by Mr. Jones, about twenty boys render a great service to our school. Satisfactory grades, good citizenship qualities, and the approval of the principal qualify a boy to become a member of this organization.

Service Organizations Aid Both Students And Faculty

Click, click, click of the projector brings the projection crew to the rescue. This service organization is under the supervision of Mrs. Thelma Douthat.

Completion of a period of training in the operation and care of equipment and a test to prove the candidate's proficiency are prerequisites to acceptance as a member of the Projection Crew.

Library staff has been a continuous organization since the beginning of our high school. Membership is completely on a voluntary basis. These girls keep the library running efficiently. Their duties are shelving books and taking care of the desk. Consisting of twenty-five to thirty girls, the library staff provides an invaluable service.

School And Community Benefit From Club's Efforts

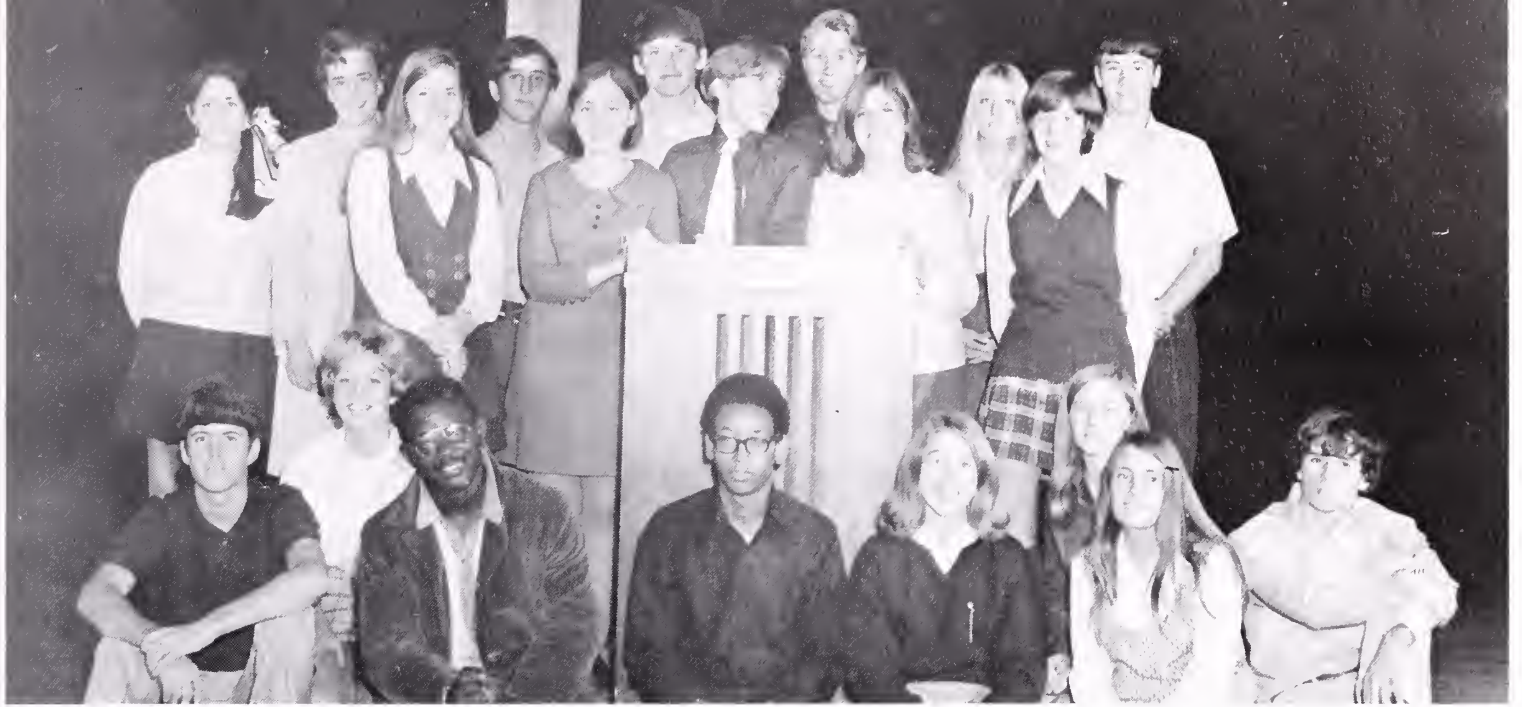

Coming to the aid of litterbugs, Special Services presented trash cans to be placed in the halls of PHS. Each year during November and December, club members can be found selling fruit cakes for the Civitan Club.

Special Services Club under the leadership of Mrs. Katherine Prince strives to be of service when needed. Many of their services are accomplished outside of school.

Girls in Special Services spend two or three days a week patterning a little boy. However, their biggest project this year was getting baskets delivered to needy families.

New Clubs Expand Interests Of Students

Snap! Snap! Snap! Cameras can be heard snapping on the Photography Club's field trips. The newly organized club provides an opportunity for those interested in photography. The only two requirements for club membership are being interested in photography and having access to a camera.

Public speaking and oral communication can be practiced in the newly organized club, Forensics. Under the sponsorship of Mrs. Frederick, the club enters members in VFW, American Legion, Optimist Club, and Forensics speech contests.

Howard Cooley won the VFW contest, and David Minton won the American Legion contest this year. Members have also written original speeches which were taped and sent to a contest. During the Christmas season the members worked in the Salvation Army Booth. This is the main goal of the club: to become active in the community.

Language And Chess Clubs Gain Popularity

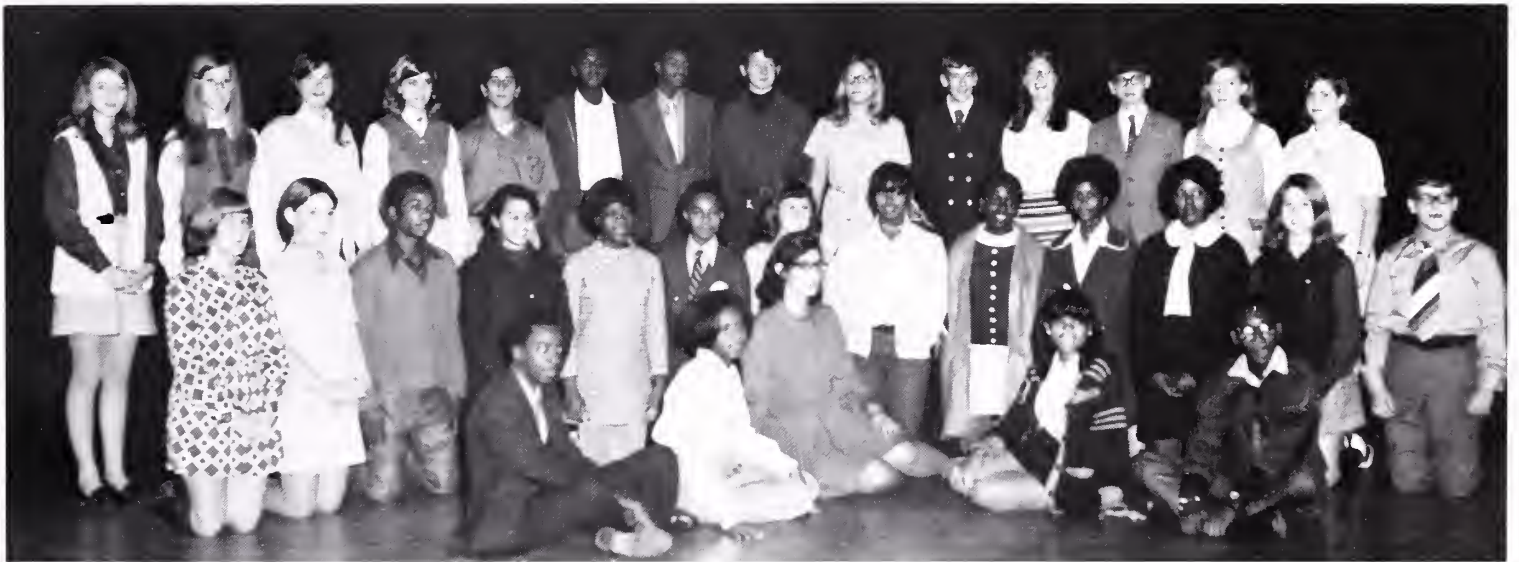

Santa Claus is portrayed by Michele Richard in the French Club skit.

The annual French Club Christmas party, skit, and banquet were held this year under the sponsorship of Mrs. Martha Broughton.

With Mrs. Barbara Vinson, the Spanish Club sung carols and held a banquet in the spring.

As the sponsor, Mrs. Maniego, looked on, Chess Club members engaged in a mental battle of chess. Students set up schedules for chess playoffs during club meetings.

Miss Higgs had Latin members wear togas for initiation this year. Upon entering the Christmas Parade, the Latin Club received first place and a hundred dollars.

School Activities Highlighted By Art Club

Being one of PHS's most active service clubs, the Art Club is always found busily working on some helpful projects. Under the supervision of Mrs. Musgrove, the club, besides doing posters at the request of teachers and various groups, did the background for "Carousel." It also painted Santa's Castle in Walnut Mall. And for holidays, the art club decorated the halls and cafeteria. Entering the art show at Central Park is one of the activities the club prepares for each spring.

Areas Of Theater Explored By Clubs

Expressing one's talent and ability is done in Dramatics and Modern Dance clubs. Dramatics, under the sponsorship of Mrs. Maniego, put on a Christmas program and three one act plays during the spring.

Modern Dance has a membership of girls chosen by tryouts. Girls are required to have some knowledge of basic skills. Mrs. Belfield and Miss Sears serve as sponsors.

FBLA Actively Serves PHS

Officers: R. Marable, B. Williams, M. Fogel, L. Bowles, C. Varga, C. Crump, J. Rosso.

Beginning the year with the installation of its officers, FBLA had a candy selling project. In the month of October, thirty of the female members took inventory for Thalhimers. The following month certain members entered the State FBLA Spelling Contest.

By placing arranged vases in the cafeteria, FBLA carried out the project of beautifying PHS. The club provided a Christmas basket for a needy family. Hosting the state FBLA president, the Petersburg chapter held two social events for its members.

At the formal installation service, FBLA officers for 1971 are inducted.

DECA Prepares Students For Business World

In the Distributive Education program at PHS, members, while continuing their education, gain professional experience in salesmanship, advertising, and part-time employment.

This year DECA had a fall leadership conference at the Petersburg Eagles' Home, and they held a fall conference at PHS. Under the leadership of Debra Spicely, president, the club entered a float in the Christmas parade. Moreover, the club sent representatives to the state conference in Richmond.

Any student enrolled in the Distributive Education program is eligible for membership. The Distributive Education Club of America is a national youth organization within the schools to attract young people to careers in marketing and distribution.

VICA Develops Vocational Skills

Under the direction of Mr. Whitaker, the Petersburg chapter of Vocational Industrial Clubs of America tries to meet the demands of today's complex technological society.

Providing PHS with red and gold trash cans was VICA's first project. At Christmas, VICA adopted a needy family for whom they prepared a basket of food, toys, and clothes. Moreover, a new project, which the club undertook this year, was manning the refreshment stand at home basketball games.

Besides holding four breakfast meetings, VICA sponsored students in state essay-writing, singing, and machine-making contests.

Along with DECA this club participated in a joint basketball game.

PHS cheerleaders display their joviality and spirit during the Christmas parade.

Cheerleaders Radiate Enthusiasm And Spirit

Wow! What an inspiring sight to see our twenty-seven vivacious cheerleaders, under the leadership of Caroline Stowe and Wanda Fitzgerald, keeping the spirit of PHS rolling! With the help of Miss Mary Bailey, these girls strive to build the spirit through yells and pep rallies before athletic events.

Opening the 1970 football season with a pep rally at Cameron Field, these cheerleaders led in the presentation of the football team, coaches, band, and majorettes.

Every spring, competitive tryouts are held and contestants are judged on the basis of pep, personality, appearance, and ability to execute cheers. Through these active students the spirit of PHS rolls with the Crimson Wave.

As the spirit mounts, Wanda Fitzgerald leads the crowd in a cheer.

"Deep-Down" rings through the gym as Kim Miles radiates her spirit.

Sportsmanship Promoted By Varsity Club

Providing a closer tie between sport players at PHS and promoting good sportsmanship are the main objectives of the Varsity Club. Composed of seventy-five lettered players, the club, under the faithful guidance of Coach Jenkins, helps the school administration whenever they are needed.

Each year the club presents the school with a gift, and each spring a banquet is held for recognition of the members for their excellent sports abilities. Having a float in the Christmas parade gave the Varsity Club further recognition. During the Christmas holidays, the players also delivered baskets to needy families.

Varsity Club members, Dennis Cole and John Slate, deliver the Christmas baskets.

Talented Majorettes Enhance Audiences

Capturing the admiration of all those who watch them, our nineteen majorettes in their new white uniforms add spice and color to the PHS band. These girls are led by their co-heads, Cheryl Jordan and Shelley Stephens, and the assistant heads, Barbara Johnson and Jill Redford. Many parades such as the Christmas parade and the Veterans' Day parade are enhanced by their participation.

At several games, the senior majorettes twirled fire. This year the majorettes are serving as ushers for the band and glee club concerts and a spring musical.

In the spring, band officers and current majorettes select new members on the basis of poise, personality, and original routine.

Even during the summer, majorettes devote many hours to practice, which results in excellent half-time shows at football games.

Band Strives To Entertain Students

Having new uniforms has added to the appearance of the band during halftime performances at football games. The Concert Band in coalition with the Glee Club enlightened the annual Christmas and Spring Concerts. Also, the Stage Band, a subdivision of the Concert Band, provided the instrumental music for the school's musical production and the Junior Miss Pageant. Moreover, encouraging spirit at our pep rallies, is the Pep Band.

As Steve Langley directs, the Pep Band provides music to arouse school spirit.

Moods Of Holidays Emphasized By Glee Club

Composed of approximately fifty students, the Glee Club is under the direction of Mr. Herbert Marsh.

The spirits of the various holiday seasons are emphasized by the club, especially Christmas and Thanksgiving. These students jointly perform with the band in the Annual Awards Concert.

A select group of about twenty students from the Glee Club comprises the Pro Musica Ensemble. This year the Pro Musica delighted the audience at the Junior Miss Pageant, and they sang Christmas Carols at Kenner Army Hospital.

Various members of the Glee Club have participated in regional as well as state choir.

Mr. Marsh exemplifies his talents by playing the piano and directing.

SPORTS

Each player has developed his skills over a period of years. However, as a team prepares for a game, the team is a whole striving for a common purpose.

One may see an expression of disgust, happiness, or sorrow on the face of both players and supporters after a game. As one sees the expression of defeat on the face of both players and supporters, it's like a penumbra in which a partial eclipse has occurred. The sun and moon haven't fully worked together toward a total eclipse, just as the players haven't fully worked toward a victory.

Wave Has Outstanding Performers

Equipped with a very tough defense, the mighty Wave also possessed an effective offense. Because David Nelson, the stand out tackle, received an ankle injury and was out for the season, the team was not a complete unit.

Although plagued by minor injuries, the team, nevertheless, managed to compile a record of five wins, two ties, and three losses.

For their excellent ability, Malcolm Covington, Charles Kates, and Cornell Barlow placed on the starting line of the district team. Also, Cornell Barlow and Charles Kates made the regional team.

Wave Enthusiastic Despite Scores

The 1970-71 Petersburg Crimson Wave, under the direction of Coach Carl Peal, finished the regular season with a record of nine wins and nine losses. This record helped the Crimson Wave to tie Midlothian for fourth place in the final Central District standings.

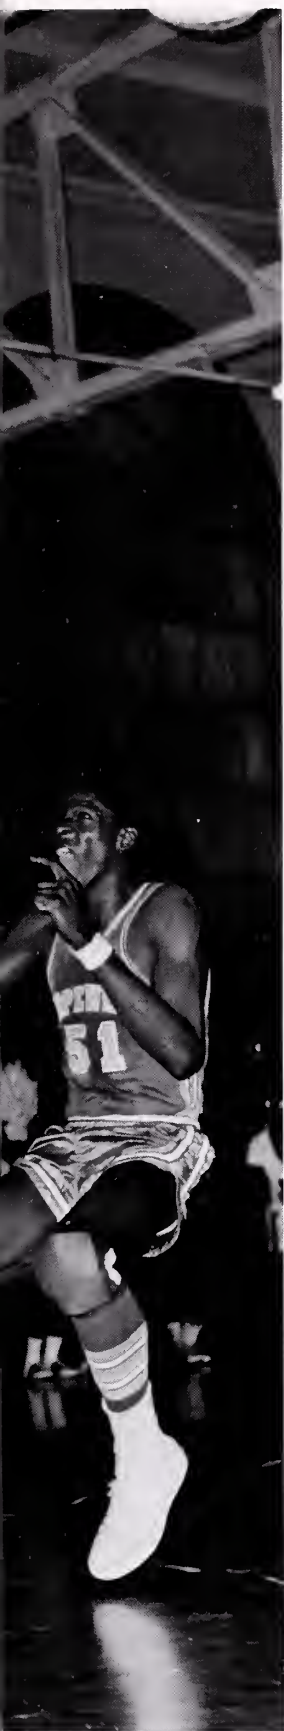

The defending Central District champions started slowly and went into the Christmas holidays with a lowly record of two wins and three losses. The two week break gave the Wave a chance to get together, and they came out and won three of their first four games after the holidays. With the momentum starting to go their way, the Wave next met its arch-rival, undefeated Hopewell. Playing their best game of the season, the Wave was on the verge of a great upset before losing the game in the final 23 seconds, 70-67. After this heartbreaking loss, the Crimson Wave finished by winning only four of the last eight games.

Jumping for the Wave, Gerome Raines epitomizes a good center.

Out-maneuvering Mike James, Al Mitchell adds two points at the Wave's score.

Grappling for a loose ball, Charles Bland comes up with a big play for the mighty Wave.

Individual Standouts Spark Wave

Displaying a classic style, Paul Tudor stretches for another two points.

Forward Peyton Simmons attempts to block a Manchester goal and succeeds.

J. V. Basketball, First row: S. Taylor, B. Wilson, R. Hanford, R. Walker, D. Washington, M. Edinburgh. **Second row:** T. Moore, C. Goode, J.

Walker, S. Lewis, M. Fultz, M. Malone, G. Philips, O. Dent, O. Miles, T. Antozzi.

Teamwork Proves Effective For JV's

Awesome is the one word that describes the 1970-71 edition of Petersburg High's JV team. They had it all together-fantastic teamwork, individual effort, and a great coach. This combination almost proved to be unbeatable as the baby Wave finished with a 15-1 record. To do this the Wave scored 481 field goals to their opponents' 289. They shot a remarkable 51 from the foul line, and then had a 23.2 difference in points per game average.

This year's team had a few standouts, but was still fantastically well rounded with two players, Walker and Malone, averaging double figures. This team had five standouts, the starting five, and 12 most improved players. A great team and great coach proved to be an unbeatable combination for the baby Wave. Coach Hayes has good reason to be satisfied with his team.

Bernard Wilson executes a beautiful lay up while his opponent watches.

Taking advantage of his height, Mike Howard comes up with a key rebound.

Wave Captures Central District

The first edition of Petersburg High's wrestling team proved to be a great one as the team captured both regular season and tournament titles of the Central District. At the beginning of the season Coach Smith set the goal of a championship for his team, and they won it for him. However, it was no easy task, and the Wave's mat-men had to fight all the way. After defeating Thomas Dale and Colonial Heights in hotly contended matches, the Wave proceeded to roll over their opponents. However, they lost one match and that was to Huguenot, a Capital District power.

Petersburg's Ike Burrows, Mike Moore, William Winfield, and Silas Leonard captured District championships in their perspective classes, and Leonard also added a regional championship to his belt. Six men from Petersburg, Ike Burrows, Mike Moore, William Winfield, Elstron Barnes, Rodney Alston, and Silas Leonard qualified to participate in the state tournament. William Winfield was the only man from the central region to reach the final. He placed fourth out of a field of 60 wrestlers.

Setting up a pinning combination, William Winfield "muscles" his man.

Varsity Wrestling, First row: mascots F. Smith Jr., J. Tate. **Second row:** manager H. Asbeil, E. Barner, M. Moore, R. Bell, I. Burrows, J. Anderson, J. Winfield, I. Bullock. **Third row:** Coach Tate, manager P.

Wave Matmen Prove To Be Stiff Contenders

Matman Robert Bell staves off a figure 4 pen.

Jumping to his feet, Mike Moore executes a stand up escape.

Matman Brad Peebles sets up his opponent for an important pin.

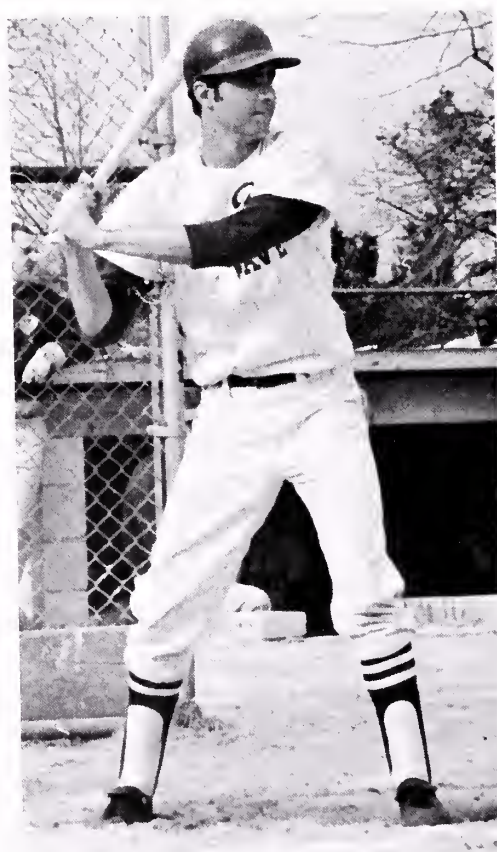

Trying for a pin, William Barnes breaks his man down.

Turning it on, Doug Smith scores for the mighty Wave in the Manchester game.

Wave Displays Fine Talent

Although not securing a winning season, the Wave proved very decisive in the Central District title race. PHS ended up with six wins, nine losses, and one tie on the ball diamond this year. Showing good response with the bat were team captain Mike Bristow, Lanford Pritchett, and Dennis Cole. The team's weak points were pitching and the infield, but the experienced outfield and catching made up the difference.

The Wave jumped off to a flying start by winning the first three out of five games. PHS beat Thomas Dale and Hopewell, top contending teams for the district title. These defeats caused the title race to be very close at the end of the season.

Captain Mike Bristow anxiously awaits the throw on a close play at first.

Dennis Cole demonstrates his tremendous hitting ability.

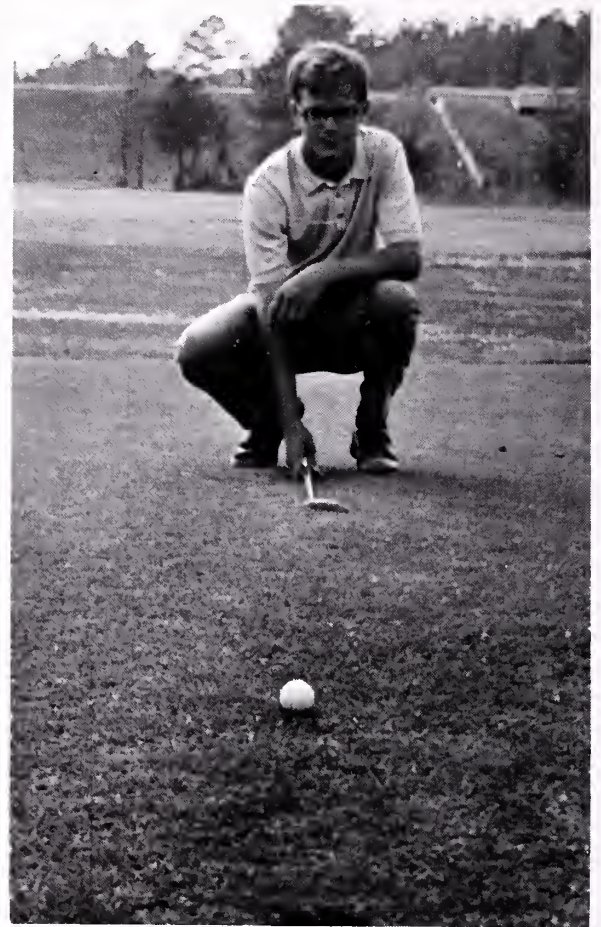

Gerald Carsley slides into home for the final score of the game.

New Players Develop Skills

The Petersburg High School golf team began the 1970 season with a shaky start because of the loss of three experienced players. Although less experienced linksmen replaced them, this did not hinder the team with five wins, six losses, and one tie.

This was the first year that the Petersburg team had ever defeated the team from Meadowbrook. Ending the year in a tie with Thomas Dale, Petersburg High School unfortunately missed the regional playoffs.

Although our tennis team lost nine games and won only one, there was great sportsmanship displayed. Consisting of first year men, the team lacked experience, but enthusiasm took its place.

CLASSES

Composed of only sophomores, juniors, and seniors this year, PHS has the greatest enrollment ever. Each student has brought joy, sorrow, and disgust into the halls of PHS. Moreover, each student present at PHS has been obtaining an education for a rewarding future, just as the sun and moon have been striving for a long time for a total eclipse.

Senior Class Sets New Tradition

Beginning a new era with the consolidation of two schools brings the senior class to the largest size ever.

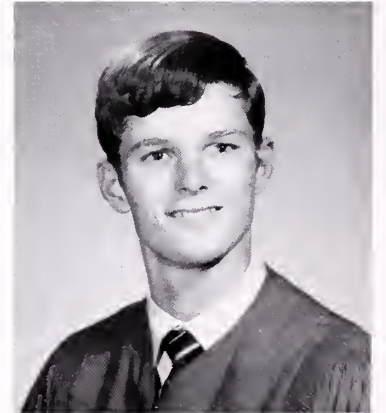

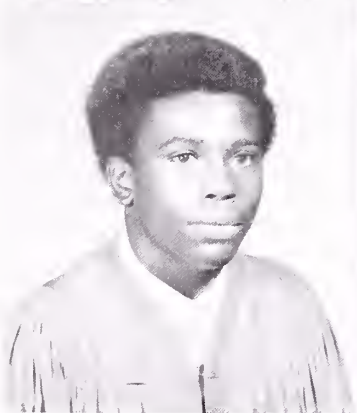

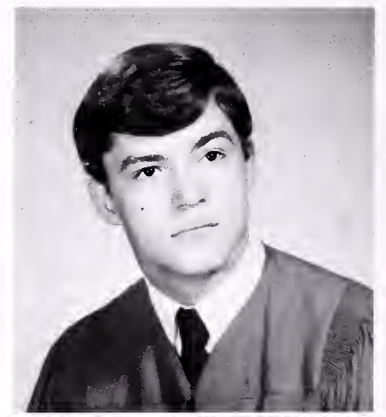

With trials and tribulations, the senior class succeeded in having a senior week and senior prom.

Through the years of high school, each senior has felt joy, sorrow, tension, and relief which are all culminated in the last year. Moreover, leaving a newly combined football team at the last athletic event makes the seniors realize it's a time for looking back at high school days as well as preparing for the future.

For the first time this year seniors may be seen graduating in blue and white robes which they may take home along with their diplomas for remembrances.

Devoting his full attention to his work, Phillip Chambliss tries to type a flawless paper.

Sophomores Reach Turning Point In School Career

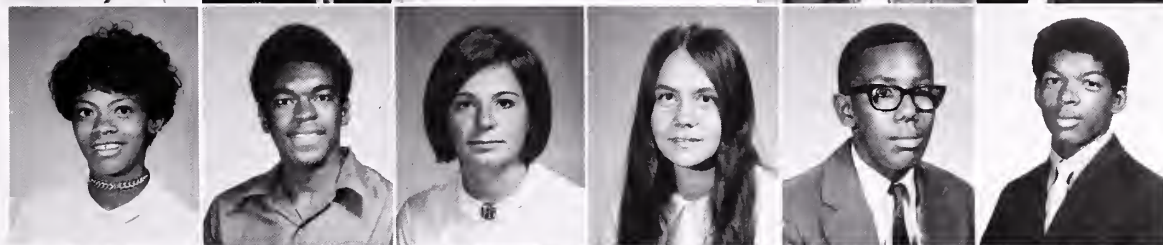

Suddenly the sophomore year arrives, marking the turning point in one's high school career. This is the year when most decide on their future and look ahead to college.

This year's sophomores are not only making decisions on their futures, but they are also meeting new people, making new friends, meeting new challenges, and making brighter plans.

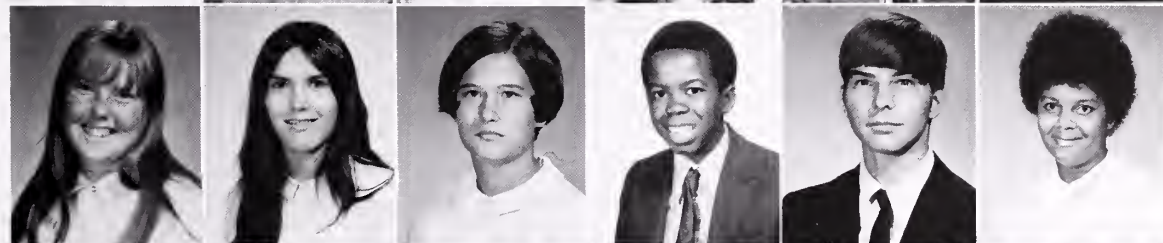

Under the direction of the class board and sponsors, the sophomore class presented a variety show during the winter which proved that this class can truly work together.

ADS

Being an ever-expanding business community in this twentieth century business world, Petersburg has businesses which are constantly setting and attaining various goals.

By interdependence of the stores and schools upon each other, each is finally able to reach its goal. It's like the sun and moon depending upon each other to bring the total eclipse of the sun to a peak.

Hugh Vaughan examines the fine quality of a range at Commonwealth Gas Distribution.

Commonwealth Gas Distribution Corporation thinks of all graduates as potential customers. In the above picture, Hugh Vaughan is examining a gas range in the Gas Company office. The Gas Company also believes that, as graduates, you can do a great service for the rest of us if you never cease to be students—looking for opportunities and ways to cherish the American system of free enterprise and to improve the American way of life. You can be thankful for free schools in a country where you are free to worship and work and think and talk as you please. In our America you are free to choose the type appliances

and the fuel you will wish to use in your homes. This is a part of your heritage from the people who built America.

The Future is pretty largely in your hands. For some of you, it means marriage, homes, family and work, Now. For others of you it means just the beginning of study and hard work in college. Always, all of you must be vigilant and active to combat the evils of socialism, government domination of private industry and all the “isms” that destroy democracy. We depend upon you to do a good job.

Thinking back on the '71 **Missile**, I remember many incidents both humorous and trying. Wading through the stacks of pictures and layouts on our living room floor, I can still see Susie Auders asleep in the chair, and Yvonne Puryear stretched out on the floor at 5:00 a.m. Both were completely exhausted from doing ad pages, captions, and headlines all night long. I can visualize Diane Stuart identifying class pictures with her eyes half open, and Wendy Evans shaking her wrists after finally finishing the Senior Directory.

Besides those members previously mentioned, I'd especially like to thank Hugh Vaughan for the enormous job of taking, developing, and printing all the pictures used in the **Missile**, Amelia Jackson for her prompt material, Jeri James for writing the copy, and Joan Ogburn and Mike Elmore for always being willing to do the many odd jobs so important to the production of a yearbook. Of course Mrs. Donovan and Mrs. Baggett were

always there to guide us and offer helpful suggestions. The interest and advice of Mr. John Perry, the Hunter representative, and Mr. Edwin Betts, our principal, helped to make the **Missile** an accurate and memorable account of school and community life of '71. And finally I would like to thank the businessmen and private persons who have supported the **Missile** through ads and contributions.

The new and changing conditions in the world today are evident at PHS this year. The many changes in activities and life at our school made our job more difficult than in previous years. The stumbling blocks we faced; however, made us even more determined to make the '71 **Missile** a reality. Our cover was chosen to emphasize the change—the gradual understanding and coming together of all men to make this world better for all who live in it. To those replacing us next year, I wish a most rewarding and fun-filled year of school life.

Betsy

Communication Cultivates Understanding

To gain knowledge many students may be seen studying into the wee hours of the night. One who does study shows the desire to reach a goal in life. Although one may study alone, he also talks things over with others. Communication, whether through books or people, brings satisfaction to each individual.

By watching the eclipse of the sun, one can gain some knowledge of this particular event. One can see how two separate bodies are able to unite in a total eclipse.

From Here We Face Our Destinies

As the world turns, time is passing by, and each individual sees a school year come to a close. Looking back over the year, one remembers the excitement at games, new friendships at school, and the trials and tribulations during the year.

Though this school year comes to a close, time and life continue as new friends are made and as new obstacles confront us. Life continues just as the sun and moon will continue rotating and combining in many solar eclipses.
